Two years after losing her beloved fiancé to war, Tess Blanchard is ready to chance love again. So she's understandably aghast when a threatening scandal forces her to wed her long-time nemesis, Ian Sutherland, Duke of Rotham. The impossibly arrogant, irresistibly seductive nobleman is the last man Tess could ever imagine loving. And to make matters worse, she discovers secrets in Rotham's wicked past that send her fleeing London for his remote castle in Cornwall.

Having long desired Tess, Ian can't believe the *ton* thinks he's driven his new bride from their marriage bed and follows hard on her heels. Their spirited rivalry leads to glorious, pleasure-filled nights—complicated by a mysterious ghost that haunts Ian's castle. Ultimately their union boils down to one question: Can blazing desire between two warring hearts turn into wedded bliss and . . . love?
